PRESS RELEASE

Changes to the Buleben Local Plan

Wirt iż-Żejtun followed the statement made by the Prime Minister, a few days ago, regarding the agricultural area of Buleben, including the reference to the campaign we had undertaken six years ago to safeguard this area from industrial development.

We acknowledge the fact that the Prime Minister declared that he will be ensuring that the local plans are reviewed and revised to confirm that this area remains an agricultural zone, as was promised by the Government six years ago. We eagerly await the issue of the formal instruction from the Government to the Planning Authority to initiate this process and to see that this area is saved from development once for all, allowing all residents of Zejtun and the surrounding communities to continue to enjoy this space.

STQARRIJA GĦAL ISTAMPA

Tibdil fil-Pjan Lokali ta' Buleben

Wirt iż-Żejtun segwiet id-dikjarazzjoni li għamel il-Prim Ministru fil-jiem li għaddew dwar iż-żona agrikola ta' Buleben u r-referenza għal kampanja li konna għamilna sitt snin ilu sabiex insalvaw din iż-żona minn żvilupp industrijali.

Nirrikonoxxu l-fatt li l-Prim Ministru sqarr li se jkun qed jara li l-Pjan Lokali jiġi rivedut sabiex din iż-żona tibqa' zona agrikola, hekk kif kien ġie mwiegħed mill-Gvern sitt snin ilu. Nistennew b'hegħa sabiex fil-jiem li ġejjin insegwu l-istruzzjoni mill-Gvern lill-Awtorita' tal-Ippjanar sabiex tiskatta dan il-proċess u nħarsu b'herqa li dan ir-raba' jkun salvat minn żvilupp darba għal dejjem, u b'hekk iż-Żwieten u l-komunitajiet tal-madwar ikomplu jgawdu dan l-ispazju miftuħ.
